“ammunition” means ammunition for any firearm as hereinafter defined and includes bullets, cartridges, shells or anything designed or adapted for or capable of use with any firearm, and any ammunition containing or designed or adapted to contain any noxious liquid, gas or other thing but does not include spears discharged from a firearm solely for the purpose of killing fish nor ammunition abandoned in Solomon Islands by any armed forces during the Second World War or thereafter in consequence of that war;

“firearm” means any lethal barrelled weapon of any description from which any shot, bullet or other missile can be discharged, or which can be adapted for the discharge of any such shot, bullet or other missile, and any weapon of whatever description designed or adapted for the discharge of any noxious liquid, gas or other thing dangerous to persons, and includes any component part of any such weapon, and any accessory to any such weapon designed or adapted to diminish the noise or flash caused by firing the weapon, but does not include an air gun, air rifle or air pistol except where otherwise expressly provided, nor articles designed or adapted solely to discharge spears for spearing fish;

“firearm licence” means a licence issued under section 6;

“imitation firearm” means a replica of a pistol or other firearm which has the appearance of a firearm, but which may not be capable of

discharging or being adapted for the discharge of any ammunition in the manner described in the definition of firearm and includes an air gun, air rifle, air pistol or toy-guns.

- (1) No person shall manufacture any firearm or ammunition except at an arsenal established with the written approval of the Minister and in accordance with such conditions as the Minister may from time to time specify in writing.
- (2) In this section, the word “*manufacture*”, in relation to firearms, does not include the repair of firearms, the conversion into a firearm of anything which has the appearance of a firearm but is so constructed as to be incapable of discharging any missile through the barrel thereof, or the alteration, substitution or replacement of any component part of a firearm.

Provided that:

- (i) a firearm licence shall not be granted to a person whom the licensing officer has reason to believe to be prohibited by or under this Act from possessing a firearm, or to be of intemperate habits or unsound mind, or to be for any reason unfitted to be entrusted with such a firearm, or who has not satisfied a licensing officer that he will at all times keep the firearm securely and in safe custody and take all reasonable precautions to ensure that the firearm is not lost or stolen and is not at any time available to any person not lawfully entitled to possess the same; and
- (ii) no firearm licence for a pistol or an automatic firearm, or ammunition which is intended or only capable of use therefor, shall be issued or renewed except by the Principal Licensing Officer.

- (4) A firearm licence shall, unless previously revoked or cancelled, continue in force until the thirty-first day of December in the year in respect of which it was issued, but shall be renewable for a further period of one year by a licensing officer, and so on from time to time, and the foregoing provisions of this section shall apply to the renewal of a firearm licence as they apply to the grant of a firearm licence.
- (5) A licensing officer may at any time by notice in writing vary the conditions subject to which a firearm licence is held, except such of them as may be prescribed, and may by such notice require the holder to deliver up the firearm licence to him within fourteen days from the date of the notice for the purpose of amending the conditions specified in such licence.
- (6) A firearm licence may also, on the application of the holder thereof, be varied from time to time by a licensing officer.
- (7) A firearm licence may be revoked by a licensing officer if:
